

Directions for use:

Initial 2-4 weeks		Long-Term Administration
Under 600 lbs	1 scoop daily	1/2 scoop daily
600-1200 lbs	2 scoops daily	1 scoop daily
Over 1200 lbs	3 scoops daily	1-2 scoops daily

This chart should be used for guidance. The recommended initial administration period is 2-4 weeks. Once response is noted, the number of scoops may be reduced to the long-term administration level. Prior to and during an event or strenuous exercise, administration may be increased back to the initial level for extra support.
