Vitamins • Minerals

56 FRESH PACKS™
ONE PACK PER DAY

CONVENIENT & ACCURATE

"I use Formula 707® products because it gives the best results, it's that simple".

A. Wayne Grier
Racing Hall of Fame Trainer

NET CONTENTS: 56 — 2 oz packs

FEEDING INSTRUCTIONS

NURSING FOALS:

All foals should be started on a creep feed about 30 days after birth. Mix 1 pack (2 oz.) with a pound of oats and feed this mix to the foal every day. As the foal grows, increase the oats to whatever amount it will clean up readily every day.

WEANLINGS:

Horses at the weanling stage need more supplement per pound of body weight than do older animals. Continue to feed the 1 pack (2 oz.) along with 8 to 10 lbs. of oats, a pound of dehydrated alfalfa pellets, a pound of good oil meal, and 6-8 lbs. of good quality grass-legume hay every day. For more fat on weanlings, replace a couple of pounds of oats with 2 lbs. of corn.

ADULT HORSES:

Feed 1 pack (2 oz.) daily to average 1100 lb. horse.

GENERAL:

We recommend continuous feeding of Formula 707, good clean food, good water, and adequate care and exercise for maintaining best condition of all horses.

CAUTION:

Close container after each use. Keep out of reach of children.
For Animal Use Only.

GUARANTEED ANALYSIS

MINERALS	%	PPM
Calcium (Ca) (min)	4.0	40,000
(max)	4.5	45,000
