MADE IN USA

2 SERVINGS
NET WEIGHT: 30cc

Suggested Use: Digestive Paste is a stabilized source of lactic acid bacteria, yeast, vitamins and inulin that help to maintain normal appetite and digestion for all classes of horses. Provide at the times of stress such as ration change, birth, weaning, shipping, weather changes, and following antibiotic treatment. Provide the recommended amount onto the back of the horse's tongue.

Feeding Recommendations: Provide orally 15-30cc to adult horses and 15cc to foals at birth.

Caution: Keep out of reach of children. For animal use only. Do not give to animals without a swallowing reflex. Store in a cool, dry place. Refrigerate if possible. Do not freeze.

Manufactured For: John Ewing Company, 410 North First Street, LaSalle, CO 80645 USA
