

INGREDIENT STATEMENT: Dehydrated cantaloupe juice, leucine, isoleucine, valine, dextrose, salt, magnesium chloride, potassium chloride, potassium citrate, sorbitol, xanthan gum, methylparaben (preservative), propylparaben (preservative), water, natural and artificial flavoring.

FEEDING DIRECTIONS: Feed one full tube (60cc) of product in the back of the horse's mouth within 1-3 hours post-exercise. Best to give in approximately 1/3 increments over 10 minutes duration. Provide access to fresh water at all times.

RED CELL RECOVERY

Post-Event Muscle Recovery Paste

- Aids in proper muscle function and repair with BCAA's
- Maintains & minimizes post-exercise muscle breakdown that occurs after intense training/competition
- Supplies antioxidants that decrease oxidative stress associated with strenuous exercise
- Replaces electrolytes lost through sweat

For all classes of horses
