Likit™ Boredom Buster

Our most challenging toy yet! The Exciting new Boredom Buster from Likit is sure to provide hours of mental stimulation for your horse.

Instructions for use:

1. Attach the rope provided to the eyelet at the top of the Boredom Buster.
2. Insert either one or two Little Likit refills.
3. Hang from a strong beam so that the center of the ball is level with the withers of your horse or pony. Ideally it should be positioned a minimum of 3 feet away from any walls to ensure the maximum challenge for your horse

Top Tips:

1. Introduce the toy to your horse slowly, by firstly allowing them to lick the refill from your hand, then from inside the toy. Finally hang the toy and hold steady, they will soon get the idea.
2. Try using different flavors of Little Likits to keep them guessing
3. To add an extra level of challenge, you can attach the Boredom Buster to the bottom of your Likit Holder using the safety clip provided
4. To encourage a nervous horse to play try smearing molasses on the ball

Use with 1 or 2 x Little Likit refills & A Likit Holder (sold separately)
