LEATHER NEW®

Easy-Polishing Glycerine Saddle Soap

Cleans, Conditions and Shines in One Easy Step

16 fl oz / 473 ml

Product Code: 32601    RM #: 300506697    09-0579
DIRECTIONS
First remove all dust and dirt from the leather with a soft brush or vacuum. Then spray Leather New® Easy-Polishing Glycerine Saddle Soap directly onto the leather. NOTE: Do not allow Leather New® saddle soap to run. Use a soft, dry cloth to rub the liquid well into the leather. Be sure to use a cloth with enough nap to reach down into stitches and carving. Rub thoroughly until foam disappears. Then polish with a clean, dry cloth. Also use Leather New® saddle soap on wet leather to prevent stiffening. Use it on stiff leather to soften it and prevent cracking.

CAUTION
Keep this and other soap products out of children’s reach. Do not use Leather New® Easy-Polishing Glycerine Saddle Soap on suede, rough-out or very light shades of leather. Do not use on leather clothing or leather furniture. If you are unsure whether Leather New® saddle soap can be used on your leather, simply test an area that cannot be seen. It may darken some leathers. The liability of Farnam Companies, Inc. shall not exceed the purchase price of this product.

• Cleans, softens & preserves color & texture of leather in one step.
• Removes embedded dirt & grime, and dries to a long-lasting shine.
• Won’t dull, stain or leave a greasy residue.
• Use after every ride.

Leather New® Saddle Soap is the first easy-polishing saddle cleaner. One of the only leather preparations that cleans, conditions and shines in one easy step. Farnam® Leather New® Saddle Soap cleans, softens, and preserves the color and texture of leather. Removes embedded dirt & grime, and dries to a long-lasting shine. A vast improvement over current formulas that won’t dull the leather like saddle soaps, won’t stain the leather like neatsfoot oil and won’t rub off on or soil riding pants. It restores and refreshes the leather, making your saddle bright and new with a single application.

DIRECTIONS
First remove all dust and dirt from the leather with a soft brush or vacuum. Then spray Leather New® Saddle Soap directly onto the leather. **NOTE:** Do not allow Leather New® Saddle Soap to run. Use a soft, dry cloth to rub the liquid well into the leather. Be sure to use a cloth with enough nap to reach down into stitches and carving. Rub thoroughly until foam disappears. Then polish with a clean, dry cloth. Also use Leather New® Saddle Soap on wet leather to prevent stiffening. Use it on stiff leather to soften it and prevent cracking.

CAUTION
Keep this and other soap products out of children’s reach. Do not use Leather New® Saddle Soap on suede, rough-out or very light shades of leather. Do not use on leather clothing or leather furniture. If you are unsure whether Leather New® Saddle Soap can be used on your leather, simply test an area that cannot be seen. It may darken some leathers. The liability of Farnam Companies, Inc. shall not exceed the purchase price of this product.
