

• UP TO A 64-DAY SUPPLY •

AniMed's Vita-Calm is a feed supplement containing L-Tryptophan, Thiamine, Calcium and Magnesium for horses that may benefit from or require nutritional components prior to a stressful situation such as training or competitive event, or where supplementation of L-Tryptophan, Thiamine, Calcium and Magnesium may prevent a dietary deficiency. Yea-Sacc® 1026 supplies a source of live, naturally occurring beneficial micro-organisms for healthy digestion and gut stability.

DIRECTIONS FOR USE: Horses of all classes and ages 1 to 2 tablespoons per 1000lbs body weight daily. Or 2 to 4 tablespoons 1/2 to 1 hour prior to an event which may create excitement or stress. The large end of the enclosed scoop measures 1 tablespoon (approx. 1/2oz). Or, as recommended by a veterinarian.
