

Ulc-R-Aid is designed to nutritionally support horses of all ages with gastric ulcers. Ulc-R-Aid's unique formula combines natural supplemental Calcium and Magnesium, commonly known as antacids. COLOSTRASHIELD contains over 37 different important natural immune factors and more than 8 growth factors that nutritionally aid in the animal's normal immune function.

DIRECTIONS FOR USE: Horses of all classes and ages feed 1 to 2 tablespoons per 1000lbs body weight daily. Or, 2 to 4 tablespoons 1/2 to 1 hour prior to an event which may create stress or excitement. The large end of the enclosed scoop measures 1 tablespoon (approx. 1/2 ounce)

Lot #: 000286

Ulc-R-Aid

with COLOSTRASHIELD

Nutritional support for horses prone to gastric ulcers
