

## Product Facts

### Active Ingredients per 1 ounce:

Glucosamine (marine)*	10,000 mg
Methylsulfonylmethane (MSM)	7,500 mg
<b>ComfortX™</b> (MicroLactin®) Dried Milk Protein	3,000 mg
Ester-C® (source of ascorbic acid)	1,575 mg
Zinc (from proteinate)	.65 mg
Manganese (from proteinate)	.50 mg
Hyaluronic Acid	.30 mg
Copper (from proteinate)	.13 mg

\*Glucosamine HCl (marine) 8,000 mg; Time Release Glucosamine HCl (marine) 2,000 mg

### Inactive Ingredients:

Dehydrated alfalfa meal, dried molasses, mineral oil, natural and artificial flavors, TR System™

### Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven.

Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; diabetes, or any metabolic disorder causing hyperglycemia; history of urinary tract stones; known allergies to shellfish.

If lameness worsens, discontinue use and contact your veterinarian.

Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

May help reduce inflammation  
without gastrointestinal side effects

**EXTREME**  
Performance  
Demands

NET WEIGHT 1.875 lbs (850.5 g)

For all classes of adult horses.

## Product Facts (continued)

### For use in horses only

### Recommended to support and maintain healthy joints

Equinyl™ Glucosamine may help ease pain and inflammation associated with training and competition without causing gastrointestinal side effects.

- Patented **ComfortX™** may reduce swelling and inflammation associated with training and competition, provides joint health support, increases flexibility and shortens recovery time by reducing the emigration of neutrophils to the site of the inflammation.
- There are two types of glucosamine in Equinyl Glucosamine. The first is **regular glucosamine**, which provides an immediate supply of glucosamine HCl while the second form, **Patent Pending Time Release Glucosamine**, releases over 24 hours. This is more than 24X longer than normal glucosamine\*.
- **Glucosamine** and **Hyaluronic Acid** help maintain synovial fluid that lubricates the joints for all day pain associated with daily exercise and activity.
- **Hyaluronic Acid** has been added to provide additional joint support for flexibility and healthy joints.

### Directions for Use:

- Enclosed scoop holds 1 ounce.
- Give 2 ounces (2 scoops) daily for first 1 to 2 weeks. Give 1 ounce (1 scoop) daily for maintenance or as directed by veterinarian.
- Store in a cool, dry place. Reseal after each use.

### Warnings:

#### For animal use only.

Keep out of the reach of other animals and children. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

\*Number of hours to release more than 90% of ingredients as measured by in vitro dissolution studies. Data on file.
