PRODUCT FACTS (continued)

CAUTIONS:

Safe use in pregnant or nursing animals or animals intended for breeding has not been proven (Devils Claw Extract and Boswellia Extract). If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset. An examination from a veterinarian is recommended prior to using this product. May be a GI irritant, use with caution in animals at risk for GI ulcerations (Devils Claw Extract and Turmeric Root Powder).

Contraindicated in animals with hypertension and anxiety, may be hypoglycemic (Siberian Ginseng).

Do not use with anticoagulants (Turmeric Root Powder and Grape Seed Extract).

For use in equine only.

LAMINEX is recommended to help support healthy joint function, blood sugar levels and hoof growth.

DIRECTIONS FOR USE:

(Enclosed measure approximates 2.5 oz based on density of product.)

Adult Horses (900-1,100 lbs): Provide 1 scoop (2.5 oz) **twice daily for the first 12 weeks**, reduce to 1 scoop (2.5 oz) daily for maintenance.

WARNINGS:

For animal use only.

Keep out of the reach of children and animals.

In case of accidental overdose contact a health professional immediately.

This product should not be given to animals intended for human consumption.

Store in a cool, dry place.
