# MIRRA-COAT® EQUINE

Mirra-Coat® skin and coat powder supplement for all classes of horses is a balanced blend of essential fatty acids, biotin and zinc formulated specifically to develop and maintain a healthy skin and haircoat. Mirra-Coat contains nutrients essential for the maintenance of normal skin cells. The results are a pliable, moisturized skin that reduces dandruff and develops a glossy “show” coat. And horses love the taste of Mirra-Coat. They lick their feed buckets clean when Mirra-Coat is added to their feed.

## Guaranteed Analysis per 1 Scoop (4 Tbs) (30g):

All values are minimum unless otherwise stated.

Moisture (max)	6.5%
Linoleic Acid (as glycerides)	8.5%
Zinc	14.8 mg
Vitamin A	2,400 IU
Vitamin E	10 IU
Vitamin B6	1.92 mg
Biotin	0.032 mg

## Ingredients

Soy flour, sunflower oil, soybean oil (preserved with tocopherols), sugar, calcium silicate, zinc methionine complex, natural and artificial flavors, vitamin E supplement, vitamin A supplement, pyridoxine hydrochloride, biotin.

## Feeding Directions: Scoop enclosed = 4 tablespoons (30 grams)

**Horses:** For the first two weeks mix 2 scoops (60g) of Mirra-Coat into the horse's daily ration. After two weeks, reduce to 1 scoop daily.

If a poor skin and coat condition persists, other dietary factors may be involved and your veterinarian should be consulted.

This product is intended for intermittent or supplemental feeding only.

## Storage

Store in a cool, dry place. **Not for human consumption.**
