PRO-WEIGHT™ can be fed to all classes of horses as a source of energy and fat.

FEEDING DIRECTIONS:

(Enclosed measure approximates 1 oz based on density of product.)

Adult Horses (900-1,100 lbs): Provide 2 oz daily to increase dietary energy and to supply essential oils for skin and hair coat. Provide 4 oz daily to increase body weight and maintain body condition in thin horses.

NOTE: This product contains high fat levels and should be used within 90-120 days of opening. **Proper storage, in a cool dry location in airtight containers is essential for maintaining freshness.** Horses on high fat diets should receive ample exercise.

STORAGE AND HANDLING:

Store in a cool, dry place.
Keep out of reach of children.
